Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Midland Pump Station Emergency Power Generator Project in Fiscal Year 2026. The entity to receive funding for this project is the City of Midland, located at 333 West Ellsworth Street, Midland, MI 48640. The funding would be used to purchase and install a permanent backup generator to a critical below-ground water storage pumping station. The project is an appropriate use of taxpayer funds by providing reliable water services to the residents in the City of Midland.

The project has a federal nexus because the funding provided is for purposes authorized under Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Kristen McDonald Rivet  
Member of Congress
