Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Fenton Township Safe Drinking Water Project in Fiscal Year 2026. The entity to receive funding for this project is the Charter Township of Fenton, located at 12060 Mantawauka Dr, Fenton, MI 48430. The funding would be used to install new municipal water lines, providing safe, reliable drinking water to thousands of residents and securing a healthy foundation for future growth and investment in Michigan. The project is an appropriate use of taxpayer funds because it will extend the municipal water system to create immediate access to safe public drinking water for residential properties, schools, and numerous commercial and industrial properties. This project will help safeguard public health as well as unlock critical economic development opportunities.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Kristen McDonald Rivet
Member of Congress
